

Dr Dani Mancuso

BDS MSc Phd PostDoc

Specialist Endodontist & Prosthodontist

Dani qualified from University of Sao Paulo State in Brazil in 2002, where she was awarded the prestigious Maillefer Honours and Distinction Endodontic Award. She then enrolled into an extensive postgraduate program receiving her Masters Degree, PhD and PostDoctoral and became specialist endodontist and prosthodontist in both countries.

Dani worked as a Clinical Lecturer at Barts and The London Hospital Dental Institute in London, as an Associate Clinical Teacher at the University of Warwick and is nowadays an Invited Professor at the University of Sao Paulo State in Brazil. She also lectures both nationally and internationally and provides in house postgraduate endodontic courses.

HANDS-ON COURSE

INTRODUCTION TO CBCT INTERPRETATION

AIMS AND OBJECTIVES

This hands-on course will highlight the advantages of CBCT imaging (3D) when compared to periapical radiographs (2D). During the hands-on session the participants will have an introduction to CBCT interpretation, using multiple clinical cases. It will include the following subject areas:

- Learn how to select cases for CBCT examination.
- Learn how CBCT can help on assessment of odontogenic and non-odontogenic lesions, canal morphology, root and alveolar fractures, resorptive lesions and anatomy prior to surgery.
- Learn how CBCT can help on diagnosis of dental periapical pathosis in patients who present with contradictory or nonspecific clinical signs and symptoms and where conventional imaging could not help.

INTENDED LEARNING OUTCOME

By the end of the hands-on course, delegates should be able to know the basic principles of the 3D interpretation, understand when to refer for a CBCT and know how to interpret the CBCT scans identifying landmarks, pathosis and anomalies.

DATE & TIME

Thur 17th Jun 2021
6 pm to 8 pm

CPD

2 hours GDC verifiable
Development Outcome A,B,C and D

COST

£ 75

VENUE

Chris Emery Suite
The Specialist Endodontic Centre
20 Goldsmith Avenue
Southsea
Portsmouth
PO4 8QT

Limited to 10 participants to facilitate close interaction with the instructor. It is essential that participants bring their own Windows laptop.
