

# SIMPLIFIED AND SUCCESSFUL ENDODONTICS

## ALL DAY HANDS-ON COURSE

This hands-on course, as well as introducing participants to current nickel titanium rotary and reciprocal preparation and obturation, will cover diagnostic issues, digital 2D and 3D imaging, access cavity preparation conservative preparation and modern obturation. The course, limited to 10 participants, will take place in our "in-house" learning facility. Each participant will have their own work station. To maximise the benefits for this course it would be helpful if you could bring two accessed molar or premolar teeth.

### *Dani Mancuso*

*BDS MSc PhD PostDoctoral  
Specialist Endodontist & Prosthodontist*

Dani qualified from University of Sao Paulo State in Brazil in 2002, where she was awarded the prestigious Maillefer Honours and Distinction Endodontic Award. She then enrolled into an extensive postgraduate program receiving her Masters Degree, PhD and PostDoctoral and became specialist endodontist and prosthodontist in both countries.

Dani worked as a Clinical Lecturer at Barts and The London Hospital Dental Institute in London, as an Associate Clinical Teacher at the University of Warwick and is nowadays an Invited Professor at University of Sao Paulo State in Brazil. She also lectures both nationally and internationally and provides in house postgraduate endodontic courses.
