

# Modern Endodontics in a Day

Schottlander in association with Just Endo, Specialist Endodontic Centre and ENDO MISHRA

## Dr Dani Mancuso

BDS MSc PhD PostDoc - Specialist Endodontist & Prosthodontist

Dani qualified from University of Sao Paulo State in Brazil in 2002, where she was awarded the prestigious Maillifer Honours and Distinction Endodontic Award. She then enrolled into an extensive postgraduate program receiving her Masters Degree, PhD and PostDoctoral and became specialist endodontist and prosthodontist in both countries.

Dani worked as a Clinical Lecturer at Barts and The London Hospital Dental Institute in London, as an Associate Clinical Teacher at the University of Warwick and is nowadays an Invited Professor at University of Sao Paulo State in Brazil. She also lectures both nationally and internationally and provides in house postgraduate endodontic courses.

**VENUES: SOUTHAMPTON & CHICHESTER**

## Overview

This course is designed to deliver *modern endodontics in a day*. It includes a complete summary of primary endodontics focused on the need-to-know components for anyone looking to improve and update their endodontic knowledge. From canal location to instrumentation, bioceramics, effective obturation, this course will help you make endodontics simple and effective.

## Rotary? Reciprocating? Both?

This course will give you the chance to get hands-on experience with both rotary and reciprocating technologies and to discover which works best in your hands. The use of 3D printed teeth gives the opportunity to treat an anatomically accurate tooth while still having clear, visible insight to improve your learning.

## With small groups limited to 12 delegates, these courses will cover:

- > Clinical Diagnosis & Case Selection. When to treat and when to refer.
- > Locating elusive canals & contemporary thoughts on access cavities.
- > Canal preparation. Glide path management and prevention of instrument fracture.
- > Bioceramics and their expanding role in endodontics.
- > Modern concepts in canal irrigation.
- > Instrumentation – using and understanding developments in both Rotary and Reciprocating systems.

You will practice on 3D Training Teeth

A reproduction of a natural first upper left molar #26-01

Thanks to its transparency, it is possible to see the progress of the instruments at each stage of the treatment.

# Aims, Objectives & Anticipated Outcomes

- > Understanding the Biological principles and objectives for successful endodontic treatment
- > When to refer and how to explain this to the patient
- > Instrumenting canals of different complexities, including hands-on using Rotary & Reciprocating systems
- > Current thinking on irrigation and disinfection protocols
- > The principles of obturation: Advantages & disadvantages of the different methods and the emergence of Bioceramic materials

A ONE DAY COURSE WITH 6 HOURS ENHANCED CPD

## The Programme

- 09:00 Registration
- 09:30 Examination and assessment - Tips for endodontic diagnosis, reading radiographs, and key treatment indicators. Case selection and when to refer.
- 10:30 Root canal anatomy - How anatomy impacts instrument selection and overall treatment planning.
- 11:00 Contemporary thinking on access cavities, locating canals and coronal preparation.
- 11:30 Primary canal preparation. Glide path management and prevention of instrument fracture. Advancements in Endodontic instrumentation. A detailed look at both Rotary and Reciprocating systems, the significant developments in NiTi technology, and how to use them for clinical success.
- 12:30 Modern concepts in canal irrigation.
- 13:00 Lunch break
- 13:30 Bioceramics and their expanding role in endodontics.
- 14:00 Hands on – Use both Rotary and Reciprocating systems in 3D printed teeth.
- 16:00 Discussion
- 16:30 Finish

## Modern Endodontics in a Day 2023

## BOOKING FORM

Places are limited so reserve your place(s) today. Freefax 0800 97 000 78 or contact Schottlander Education Coordinator direct on **01462 704 633**, e-mail: [courses@schottlander.co.uk](mailto:courses@schottlander.co.uk) or **Freephone 0800 97 000 79**

**Prof. Prichard**  
**LONDON**  
Friday 31st March   
**EXETER**  
Friday 16th June   
**COVENTRY**  
Friday 7th July

**Dr S Mishra**  
**BALDOCK**  
Friday 28th April

**Dr D Mancuso**  
**SOUTHAMPTON**  
Friday 5th May   
**CHICHESTER**  
Friday 8th  
September

**Prof. Jarad**  
**LIVERPOOL**  
Friday 14th July   
**BIRKENHEAD**  
Friday 22nd  
September

**Dr P Mullen**  
**SHEFFIELD**  
Friday 15th  
September

**Dr J Aqualina**  
**TUNBRIDGE**  
**WELLS**  
Friday 6th  
October

**Dr J Dinley**  
**NOTTINGHAM**  
Friday 20th  
October

Please reserve me ..... place(s) on **Modern Endodontics in a Day** **COURSE FEE: £250.00 + VAT per person** (£300 including VAT per person)\*
