

MEETING INVITATION

Pre- Endodontic Assessment: What, Where, When and how?

Dra Dani Mancuso
Specialist in Endodontics

Aim

To enhance the understanding of Pre-Endodontic Assessment, enabling better case selection, treatment planning, and collaboration for improved patient outcomes.

Objectives

By the end of this session, you will be able to:

- Recognise key diagnostic factors influencing endodontic treatment decisions.
- Assess restorability and structural integrity before initiating endodontic treatment.
- Identify high-risk cases and understand when referral is appropriate.
- Improve communication with patients and specialists for seamless treatment planning.
- Prevent common pitfalls by optimizing pre-endo assessment strategies.

21 May 2025

6.30pm (2h free CPD)
(Refreshments at 6.00pm)

20 Goldsmith Av, Portsmouth
